REINVIGORATION, REVITALIZATION,
AND RENEWAL**

2024 STEWARDSHIP APPEAL

MAKING VRSM worship and ministry enhancements HAPPEN!

Advent is part of the Rocky Mountain Synod's Vital Right Shaped Ministry program. VRSM is a structured plan to enhance what will bring Advent forward and remove what's holding us back. This fall we have begun deep listening within the congregation, in our neighborhood, and with God in prayer. This fall season of discernment will conclude in December. The new year will position Advent to begin change based on what we learn.

Our ministry team is eager to swing into action and plot our course to new experiences in our worship, ministries, and outreach. In January, we will hold a leadership retreat where we will take what we have heard and plan an experiment where we can test out ways to more deeply connect our members with the needs we have identified through our listening process.

Soon it will be time to spring into action. Will you make it happen?

Through your increased generosity, new and improved worship, ministries, and outreach will be possible.

MAKE A DIFFERENCE!
